

63 Inches Snow Fell Here During Week Of Storms

Snow Fall Heavier But
Water Content Low
Compared to '49

Four separate storms during the past week, which deposited a total of 63 inches of new snow in Truckee, have ended a fear that the region was in for another "open" winter. The forest service reports that to date 117 inches of snow have fallen in Truckee since September 1 as compared to 97.5 inches on the same date, in 1949. There are 45 inches now on the ground here.

The heaviest of the four storms occurred Tuesday when 30 inches were recorded. Starting shortly after noon the storm developed with increasing intensity until near midnight when it reached a maximum.

Highway and county crews kept roads and streets open throughout the storm but at times visibility hampered travel over Donner Summit where 81 inches of snow was recorded Wednesday morning. Nearly a foot of snow fell in Reno.

The storm gave added assurance that this will be one of the best winter sports seasons possible and new areas which are opening for the first time hail the storms with pleasure and thousands of skiers are flocking to the region in the wake of the storms.

The precipitation, according to the local forest service, for the past week totals 2.06, bringing the total to 8.04 inches, compared to 11.65 inches on this date last year.

The coldest temperature recorded during the past week was 5 below zero, according to the forest service.

TALK ON SPEECH TELLS TEACHERS ABOUT PROBLEMS

The January faculty meeting of the Tahoe-Truckee Joint Unified School District was held at the Truckee elementary school Monday evening. All schools of the district were represented except Kinsers Beach which was handicapped by ice, snow and distance.

Before introducing the guest speaker, E. V. O'Rourke, district superintendent, stressed the values of a common nomenclature and sound philosophy in education and briefed the three-phase nature of education which puts emphasis on the child, while making maximum use of the materials available and community resources.

Guest speaker was Mrs. Agnes Frye, consultant in speech correction of the state department of education, who discussed development of speech in the child and presented special material to aid the faculties in their speech work.

Mrs. Frye pointed out that speech handicaps, while generally considered under physical handicaps, are generally functional disorders from improper use of the organs of speech, rather than organic. The incidence of speech handicap in the state and nation is about 10 per cent, she said. While early speech problems are not usually serious, they may result in social maladjustment and severe complexes in the growing child if he is made overly conscious of the handicap. With 80 per cent of speech difficulties correctable, best results have been obtained by those who know children and who through establishing a feeling of success and confidence overcome inner conflicts, often responsible for the speech handicap, the speaker emphasized.

Daughter Arrives At Capital for Zoriches

A six pound 14 ounce daughter was born to Mr. and Mrs. George Zorich of Soda Springs Friday afternoon, January 6. The new arrival was born at Mercy Hospital in Sacramento and has been named Deborah Lynn.

Former Truckee Man Heads 20-30 in Reno

Robert Bowers, former well known Truckee resident, was elected president of the 20-30 Club No. 8 at Reno. Leonard Carlson, international president of the organization, officiated at the installation ceremony. Bowers, who celebrated his birthday on December 31, took office at that time.

From Martinez—
Mr. and Mrs. William Sodaro and Mr. and Mrs. Robert Youles, all of Martinez, were weekend guests of Mr. and Mrs. Floyd Calkins.

Hospital Board Takes Steps To Speed Project

Bonds Are Delivered As
Work Scheduled To
Start Soon

Another decisive step in preparation for the new Tahoe Forest Hospital was taken at the regular meeting of the board of directors last Friday night when the \$150,000 worth of bonds were signed and delivered to the purchasers.

This sum is the district's share in financing the building of the new hospital at Gateway Park. The balance of the cost will be shared by the state and federal governments and work is expected to start early in the spring so the hospital can be in operation by next winter.

John J. McGlade has been employed as secretary by the board to handle details of the organization plan, replacing Robert Simon who left to make his home in Sacramento. Charles Heller is president of the board and presided at Friday's meeting.

LOCAL HOOPSTERS WIN 8 STRAIGHT; TO PLAY COLFAX

Reno's Stag Inn quintet last Saturday night contributed the eighth consecutive win for the American Legion's Truckee basketball team, taking a 48 to 28 defeat. John Rablin was high point man, accounting for 13 markers. The home-and-home series with Portola this week was called off due to the storm.

Tonight the local hoopsters play Reno's highly regarded A League team, the Star Auto Parts. Both teams being evenly matched promises a close game on the local court.

Saturday night, January 14, the locals play their traditional rivals the Colfax Fireballs here. The Fireballs have edged out the local quint for the past two years in nip-and-tuck contests.

Next Monday night Truckee will take on Rissone's of Reno and on the 18th will tangle with the Reno Mattress outfit. Both games will be played here.

High School Will Play Reno Team on Friday

The Tahoe-Truckee High School basketball A team was defeated by the YMCA of Reno last Friday night by a 57-37 margin. The YMCA is a double A team in the Reno City League. The high school was admittedly a little out of their class but they played a very good game. The YMCA had a 25 to 14 margin at the half.

The high school Bees took a 48 to 6 decision from the Truckee grammar school in the preliminary game.

The high school quintet has a game scheduled for Friday, January 13, with the Air National Guard of Reno.

Phyllis Barrett Passes 1st Birthday on Friday

Phyllis Mae, daughter of Mr. and Mrs. Douglas Barrett, celebrated her first birthday anniversary on Friday, January 6. Pastel frosted cup cakes and ice cream were served. Nona Rae Coffey, Mrs. Robert Leamon, Barry and Marcia Leamon, Mrs. Walter Barrett and Sheila and Kathryn Barrett were guests of the afternoon.

Will Stage Dog Derby Parade in West End

Tommy LaRocca and Lloyd Van Sickle went to Nevada City and Grass Valley today where they will stage a parade of dog teams as an advertising stunt for the Dog Derby here next month. LaRocca, who is in charge of the race contest, said he hoped also to interest western Nevada County organizations in sponsoring a queen candidate.

Posse Meeting—
The Nevada County Sheriff's Ski Posse is slated to meet tonight at 7 o'clock at Cozzi's Cafe.

Group Speeding Work On Races For Next Month

Committee Is Preparing
Special Supplement
To Sierra Sun

At the meeting of the Sierra Nevada Dog Derby committee last Friday evening, N. F. Dolley resigned as chairman, charging that personal business made it impossible to devote the required time to the program. At the same time he said he would continue to work as hard as possible, assisting the new chairman and others.

Edward Crandall, manager and one of the owners of Hill Top Lodge, was named to replace Dolley as chairman. Other committee members decided to step up the tempo of the work and redouble their efforts to bring the program to a successful conclusion on February 10, 11 and 12.

Mr. and Mrs. Lloyd Clark were named to have charge of the official publication for the derby and with the assistance of other members of the group are selling space in a special supplement to the Sierra Sun to raise funds for the program. Tommy LaRocca was placed in charge of ticket sales and the queen contest.

One of the feature events announced by the committee will be the race to Squaw Valley on Sunday, February 12. The championship races, it was announced, will be held in approximately the same location as last season on the hill just south of the Truckee-Brockway highway. Crandall and Lloyd Van Sickle are in charge of the track and teams and already seven mushers have signed up for the contests which are expected to attract a large crowd of winter sports fans.

The champions, Van Sickle and his dogs, are expected to be among the hottest contestants with Van Sickle's brother, Bob, last year's runner up, a worthy contender for the championship. Tahoe's constable, Harry Johnson, also has his team well trained this season and promises an interesting race, along with Lewis Price, Major John Rodman and others who entered last year.

The committee is holding frequent meetings to iron out last minute details and the full program is expected to be announced soon.

Grand Jury to Probe Triple Death Accident

AUBURN—District Attorney C. E. Tindall has asked the Placer County grand jury to meet in Auburn at 1 p.m. January 18 to consider the possibility of criminal responsibility in the death of three Grass Valley men in an automobile accident last November 7.

Francis Benallack, Clarence Green and John Francis were injured fatally while en route to Truckee for a Masonic lodge visit.

Witnesses subpoenaed are Earl Crane, George Haines and John Stinton of the California Highway Patrol, Dr. F. Lynn Smith of Colfax and Donald Maynes, a garage man.

County Grand Jury Is Held Over by Judge

James Snell, Nevada County superior court judge, issued an order Friday retaining last year's grand jury to serve until termination by subsequent order.

Judge Snell said he is continuing the jury to care for a large volume of unfinished business.

Members of the grand jury from Truckee are Tillie Smith, William Englehart Sr. and Cecil Edmunds.

Birthday This Week—
Alice Marie, daughter of Mr. and Mrs. Abe Bertolozzi, was the incentive for a birthday celebration on Wednesday, January 11th.

Recovering—
Mrs. Elden Tonini is reported to be recovering from an operation performed last Saturday at Sacramento. Local friends will be glad of her return to health.

Dolley Chosen To Again Head Local Firemen

Volunteers Responded To
13 Alarms in 1949,
Report Shows

The Truckee Volunteer Fire Department responded to 13 fire alarms during 1949, according to a report read at the department meeting Tuesday night at Capitol Hall by Secretary V. L. Deaton.

This total compared with 20 in 1948 and a seven year average of 13 per year. Six of the alarms last year were during night time and seven during daylight hours. Six did no damage, four did slight damage and three resulted in "considerable" damage. The major fire of the year was at George's Cafe on September 12. An estimated average of 15 firemen responded at each alarm.

At monthly meetings, 100 per cent attendance records were made by A. Pace, Roy Waters and Deaton. Membership turnover was 32 per cent, compared with 16 per cent in 1948 and an eight year average of 33 per cent.

During the meeting Tuesday the annual election of officers resulted in the re-election of all officers. These include N. F. Dolley, elected chief for the 14th consecutive year; A. Pace, assistant chief; F. Giovannoni, R. Seibold, captains; W. Englehart Jr., F. W. Wilson, lieutenants; E. D. Waters, H. Cardinal, engineers; R. Waters, sergeant at arms, and Deaton.

ROTARY TO HOST ATTY GENERAL AT MARCH MEET

John Ciardella, president, and James Sherritt, program chairman, of the Truckee Rotary Club, announced this week that they will have as their guest speaker for March 20, Attorney General Fred N. Howser. In honor of the visit of the distinguished speaker, the local men have arranged a joint meeting with the Rotary Clubs of Nevada City and Grass Valley and the affair will be held at Nyack Lodge near Emigrant Gap.

It is anticipated that a large audience of Rotarians and their guests will greet the visitor. The subject of the talk has not been announced.

E. R. Clifton of Marysville gave a talk before the Rotary Club last Monday night on the maintenance of highway equipment with Harold Hodson as program chairman. Ciardella presided and Hal Roberts of Palo Alto was a visitor.

CHANGES MADE IN LOCAL UNIT OF RED CROSS

Mrs. Foston Wilson's name as the future secretary of home service of the local branch of the Red Cross was submitted for approval to the Nevada City chapter of the organization at the meeting held in the grammar school last Thursday afternoon.

Mrs. N. F. Dolley, who has been treasurer, will carry on the combined office until Mrs. Wilson has been accepted for the position.

Mrs. Walter Loynd will continue as general secretary of the local unit but not of home service. The budget for the year for home service, general expenses and swimming instruction in the summer was sent in to Nevada City for approval.

Visits Stockton—

Charles R. Heller spent Monday in Stockton on business, returning home the same day.

Traffic Slump Is Shown In Report For Last Month

Truckee Slips to 5th Place
As Point of Entry
Into State

Traffic into California by way of Truckee continued its usual winter slump during December, according to figures released by the State Department of Agriculture.

The check kept at the quarantine station near here shows only 13,087 cars cleared the station during the month of December, as compared to 16,901 for the preceding month of November and 38,607 at the travel peak in August.

Added to the 13,087, which did not include locals nor east bound, were 1917 commercial vehicles and 568 stages.

The total number of passengers in all vehicles checked was 45,321 compared to the 114,263 for the top month of August, the reports indicate.

Vehicles checked in all instances are only those subject to inspection.

At Stateline of Highway 50, 2,065 cars, 171 trucks and 12 stages were checked, according to the report, with a total passenger count of 5,218.

As a result of the check, Truckee dropped to fifth place as a point of entry into California, Blythe leading with 24,640 cars, followed by Fort Yuma, Yermo and Hornbrook.

CINEMA STARS AT DEDICATION FOR NEW SKI CENTER

TAHOE CITY—The dedication party for the new Squaw Valley Resort, held last weekend between Tahoe Tavern and Squaw Valley, was an outstanding success in the opinion of those in charge.

The ball Saturday night was attended by about 400 including many notables from distant points. Movie actress Ann Miller was presented as "Miss Squaw Valley" and folk dancing was enjoyed by the crowd.

Snow and wind proved slight deterrents to the festive spirit of the occasion. Most of the activities were indoors but guests enjoyed rides on the resort's giant ski lift and received instructions on skiing offered by the management.

Beside Miss Miller, other members of the film colony attending included Ella Raines, Major Robin Olds, Robert Stack, Joan Fontaine and Gretchen Miller.

Curran Is Honorary Member of 20-30 Club

A regular meeting of the 20-30 Club was held in Cozzi's Cafe on Wednesday evening with Robert Leamon presiding. Willie Curran was elected as an honorary member of the club which he has regularly attended.

Guests at the session were Ted Ramsden, Reg Smart and Tom LaRocca.

Pythian Sisters Will Initiate Six Tonight

Six candidates will be initiated at a meeting of Summit Temple No. 79, Pythian Sisters, to be held this evening. Members of the degree team and officers are requested to be present at 7:30.

Refreshments will be served at Sarge's restaurant following the close of the affair.

Four Accidents Reported Here; Train Hits Car

Sacramento Men Escape
In Crossing Crash
On Summit

The storm during the past few days has resulted in a series of motor vehicles accidents, none of which proved serious.

George Knowles, a Sacramento printing firm official, and a passenger in the Knowles' car, George Hayden, fortunately escaped serious injuries or death on Sunday afternoon at 3 o'clock when the Knowles' machine was struck by the Southern Pacific's Overland Limited at the Ice Lakes crossing near Soda Springs.

It was snowing at the time and Knowles told Patrolman William Gausche that he failed to see the train approaching as he drove onto the crossing. Engineer Coudgon said he saw the car and gave all proper signals. The train was damaged by the sudden stop and was delayed on its schedule for two hours. Knowles and Hayden were injured only slightly although the convertible they were riding in was nearly demolished.

Bus Hits Car
Mr. and Mrs. Ben F. Snyder of Hayden, Colo., were shaken up and their car considerably damaged at 2:45 o'clock Tuesday afternoon when it was struck by the Greyhound bus near the state quarantine station. The bus driver, Julius E. Parker, 30, Reno, told State Patrolman George Schrom that he did not see the stalled car on the highway until it was too late to avoid the collision. The bus suffered only minor damage and none of the passengers was hurt, Schrom said.

Woman Injured
Mrs. Inesse Morford of Tahoe City suffered severe lacerations on her face at 5:30 o'clock Tuesday evening when cars driven by her husband, Charles R. Morford, a CAA employee on Donner Summit, and Rose Atkinson, 41, Fallon, Nevada, collided near Farad. Patrolman Gausche said that when he reached the scene both cars had been moved but it was indicated that the Atkinson machine skidded and crashed into the other car on the wrong side of the road. No citation was issued.

Mrs. Morford was brought to Truckee where Dr. L. D. Nelson treated her, a number of stitches being required to close the deep cuts on her face.

Squaw Valley Crash
Cars driven by Joseph J. Corbin, Jr., 27, San Francisco, and Walter Copaccoli, San Francisco, crashed head-on on the Squaw Valley road south of Highway 89 Saturday. Patrolman Gausche said the icy road was apparently the cause.

Leitchs Complimented At Dinner with Friends

Mr. and Mrs. A. P. Leitch were complimented at a buffet supper and card party given by Mr. and Mrs. R. N. Little in their home on Tuesday evening. Mrs. Loren Vertner assisted the hostess. A cake, with the names of the honored couple inscribed, and silver candelabra centered the attractively appointed table.

Those present included Messrs. and Mesdames B. J. Riordan, Ray Scott, William Englehart Sr., Walter Barrett, Harold Langille, T. T. Buell, Larry Baxter and V. C. Shattuck.

New Kitchen Installed At Local Coffee Shop

Goodfellows' Coffee Shop was closed on Tuesday for the installation of new thermostat-control kitchen stoves, measuring over ten feet in length.

Included in the new units, with the latest accessories, are a French fryer, broiler, ovens and grills. The addition to the popular restaurant brings its efficiency to comparison with large, modern hotel dining places.

Weekly Folk Dancing At Hill Top Lodge

Edward Crandall reports the employment of Edward Ramsden of Massachusetts as ski instructor at Hill Top Lodge in Truckee. The teacher was with the Sun Valley Ski Patrol last winter and teaches both French and American styles of skiing. Crandall said.

The manager of the local resort also announced that the lodge is holding free old time and folk dances at the pavilion each Saturday night. Last Saturday nearly 100 attended and enjoyed dancing on the new asphalt tile floor recently installed.

North Tahoe

by T. BURROUGHS
Reminder! Your Kings Beach branch of the Placer County Free Library, at present housed at the Burroughs, is officially open each Thursday and Sunday afternoon and evening. However, please feel free to come in any time for books to take out and you need not restrict yourself to the above days and hours for reading in the lounge.

Another citizen for North Tahoe is the very young daughter of Lloyd and Lolita Decker. This pretty red head arrived at Tahoe Carson Hospital at 3:42 p.m. on

January 7. Mother and babe are reported doing nicely.

While mother Lolita rested in the hospital with her infant daughter, Karen, eldest of the Decker children, remains with the Burroughs after taking a nasty spill on the ski run. Karen has three stitches in her left side as a result of wearing a loose fitting sweater which became entangled in the rope tow. The accident occurred on Saturday. Repairs were made by Dr. John Keys and Karen was back in school Monday. Betty and Patsy Meisenheimer are guests of Karen's during her stay with the Burroughs. Do not forget the March of

Dimes Dance being sponsored by the North Tahoe Women's Club, taking place at Carpenters' Hall in Kings Beach Saturday night, January 28. Refreshments will be served.

Another victim last Sunday of the intriguing sport of skiing, Lee Lua, employed at Tahoe Tavern, suffered a compound fracture of both bones in her left leg between knee and ankle on the Granlibakken ski run. Miss Lua was taken to a Carson City hospital by Dr. Keys.

Mary Boyce was another visitor to the office of Dr. Keys to have those 14 stitches removed from her ski knee.

Mr. and Mrs. H. A. Hendricks were suddenly made aware of the inconvenience of being without a fire department on last Friday morning when their family car caught fire in the garage. Damage was considerable, leaving the Hendricks without transportation while their car undergoes repair.

Ruby and John Clackett of Holister plan to stay at Tahoe for a while. At present, they are living with her parents, George and Mae Meisenheimer.

Mr. and Mrs. Russ Morgan of Palo Alto, with their two daughters, have just completed a week of real vacationing and brushing up on their skiing skill while visiting Mrs. Morgan's parents, Mr. and Mrs. Wayne Crumm of Crystal Bay.

Mr. and Mrs. Wayne C. Hunt of Grants Pass, Ore., owners of Pine View Cottages at Kings Beach, came down for a few days recently to look in on their local property.

CALL THEM MACs FOR SHORT-II:

One Rule, 'Keep Talking,' Serves Peace in Palestine

By a Special United Nations Correspondent

(EDITOR'S NOTE: The following article by a United Nations correspondent in Palestine is the second of a series, telling the little-known story of the Mixed Armistice Commissions (MACs), set up under U.N. auspices to help keep the peace in the Holy Land. The previous article told of the four MACs which are now operating in the border regions of Palestine.)

HAIFA, Israel—El Auja, the headquarters of the Egyptian-Israeli Mixed Armistice Commission (MAC), consists of two 2000-year-old, stone-walled wells and two ramshackle stone houses, which once served as a customs post between the Holy Land and Egypt.

A car can be driven for hours in any direction from El Auja without turning up anything but desert and vultures and hyenas. The only people living at that forsaken spot are MAC members—Egyptian and Israeli officers and U.N. observers.

All of the MAC people sleep in a dormitory room on the second floor of one of the houses. On the first floor, they hold their meetings. On the ground floor of the other house, they take their meals together. On the floor above is the dormitory for the armed guards who protect the site against desert brigands and hyenas. Under an Egyptian-Israeli agreement, the guards are drawn from the ranks of Egyptian soldiers for two weeks at a time, and from Israeli ranks for the next two weeks.

The main job of the El Auja MAC, as of all four of the Mixed Armistice Commissions in the Holy Land, is to secure to the former enemies "freedom from fear of attack," as the armistice pacts signed by Israel and four of her Arab neighbors put it.

But "freedom from fear of attack" is a big phrase that means many small things: it means estab-

lishing provisional demarcation lines to which both parties can agree; it means effective control of these lines against illegal crossings by either Jews or Arabs; it means exchanging prisoners and civilian internees; it means recovery of camels and cows and goats and other things, stolen or captured by either Arabs or Jews; it means dealing with an endless crop of complaints made by either side against real or imaginary—trifling or serious—violations of the armistice agreements.

Each case is threshed out in MAC meetings. There is one big rule: keep talking until a unanimous decision is reached! Most of the time, that rule works perfectly, but in some exceptional cases, when talking simply does not bring unanimity, decisions are made by majority vote. That means that the chairman, always a representative of U.N., votes with one side or the other to bring a decision.

(To be Continued)

54 Miles per Hour Winds Recorded at Tahoe City

TAHOE CITY—The new anemometer, received by Arthur Frodenberg, local weather observer, got a real work out on Monday, its first day in use. The wind-measuring device recorded wintry blasts up to 54 miles per hour.

Nearly 41 inches of snow with 1.76 inches moisture content have been recorded since Sunday. Day-by-day records were:

	Snow	Water
Sunday	9"	.33"
Monday	6"	.22"
Tuesday	1.8"	.06"
Wednesday	24"	1.15"

Placer Constables to Get At Least \$150 Monthly

AUBURN—Constables in Placer County receiving less than \$150 per month in pay would have their salaries raised to that figure in a proposal approved by the board of supervisors, effective in January, 1951.

District Attorney C. E. Tindall was instructed to draw up the ordinance. It will effect five townships.

All incumbent constables face elections in 1950, including Constable Harry Johanson of Tahoe City and Constable Richard Lavery of Kings Beach.

Your voice can reach some 85 countries as easily as a nearby town. The low rates may surprise you.

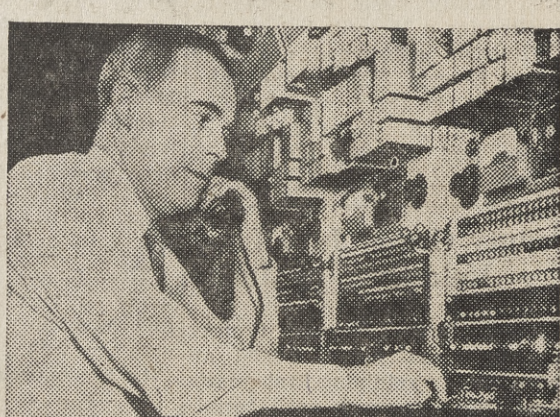

"Calling Tokyo...4250"

How overseas service puts the world by your telephone

1. For doing business and keeping in touch with friends, overseas telephone service has become an everyday tool. In its twenty-two years, the calling rate has jumped from about 2,300 calls a year to 600,000. Today, your voice can be sent over short-wave radio to ninety-four per cent of the world's telephones...over circuits as long as 8,000 miles.

3. In 1927, the lowest overseas rate from the West was \$84.00. Now the maximum to most countries is \$12.00 (plus tax) for three minutes. Many calls cost less. Making it possible to call almost anyone, at low cost, is another way we've made your telephone more valuable.

2. Skilled technicians in the circuit control room keep constant watch on their equipment to make sure your voice can hurdle the earth and still sound about as clear as a cross-town call. And overseas service is easy to use. Your Long Distance operator will give you the rates, the best time to call...and set up an appointment call for you if you wish.

Your telephone is one of today's best bargains

**New Year Continues with
Real Winter Weather**

TAHOE CITY—With dropping minimum temperatures in Tahoe City, the slower moving pools of the Truckee River have been frozen over on the surface since January 3. On that day the river was frozen above the dam and some distance below. Since then, the river has opened up partially but the natural aquarium beneath the Tahoe City bridge, noted for its trout, is still frozen over.

In spite of surface freeze, the volume flow of the river has climbed back toward normal and is now 25 cubic second feet. Several storms during the week have replenished the snow.

Beginning shortly after midnight on the 1st, the first storm of the New Year had brought 7 inches (.25 inches water content) by eight o'clock Monday morning. The snow continued until 5 in the afternoon, adding another three inches (.08 inches water).

The next storm began after midnight on the 7th and deposited 9 inches (.33 inches water) by 8 the next morning. The storm continued with less effect until after 5 in the afternoon of the 8th. Later on the 8th the storm increased with 9 inches of new snow (.22 inches water) measured the following morning and the storm continuing.

ENGAGE IN THE SALE OF
ALCOHOLIC BEVERAGES**

December 15, 1949
To whom it may concern:
Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Alpine Lodge, Hwy 89 at Kings Beach, Placer County

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:
On Sale General Seasonal (Quarterly)

Anyone desiring to protest the issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.
JOSEPH ROSS.

**TAHOE LAKE
SCHOOL NEWS**

New pupils are John Alberti, grade four, and Kurt and Nancy Alberti, primary division. They have been transferred from Cathedral City. Their father, John Alberti, is pastry chef at Tahoe Tavern.

Mrs. Lenora Bartell substituted last week for Mrs. Dorothy Johanson who was ill in Sacramento.

Mr. Robert Gilbert's physical education classes have been enjoying skiing sports with snow treks and some cross country and jumping. The other upper grade physical education classes have been practicing bowling, stunts, and folk dancing.

Jerry Quam has been confined to his home for over a week with a severe cold. Clayton Frey missed two days of school because of illness.

Robert Sach is leaving this week for Pennsylvania where he and his father, Denis Sach, expect to visit for five weeks.

The upper grades are planning for a study of the Pacific Rim. Leonard Fuson will be the geographer. Christine Becholdt and Duane Pomin will have charge of one of the exhibit boards. Lewis Fellows and Clayton Frey will manage the picture files. Penny Jenkinson, the club librarian, will also act as secretary.

Nutrition studies are progressing with the cafeteria January menus as the bases. Foods that are expected to be abundant in most parts of the United States for January are oranges, canned corn, frozen fish, dried peas and beans. They will be included in the menus. Mrs. Wesley Donaldson, cafeteria cook, is serving an average of 50 Type A meals daily.

The primary arithmetic center is interesting with many articles for linear measure and liquid measure on exhibit. Bob Johnson and Mary Ann Stark have contributed sample articles.

Mrs. Agnes Frye, consultant in speech correction from the office of the State Department of Education in Sacramento, worked in Tahoe Lake School Monday.

The intermediate grades have begun the preliminary studies of exploration and discovery in preparation for their study of the Colonial Period. Missed by the class throughout the week but expected shortly is Justine Cushing of Squaw Valley, who is favoring a broken leg following a ski fall.

SKIING GRANDDAD

TAHOE CITY—Gerald Waters of Tahoe City, third place in his first cross country ski race of the season, announced the birth of his third grandchild, Gerald Houston Marshall, 7 pounds, at St. Joseph Hospital in San Francisco on January 4.

**Lake Tahoe Ski Clubbers
Hold Competitions**

TAHOE CITY—Two ski contests were held at Granlibakken Sunday.

The first was Kjell Rustad's weekly cross country race, the winner of which enjoys a free week on the tow and holder of the best time for the season receiving a grand prize.

Winner this week was Arner Gustafson, who made the two mile course in 18 minutes through soft snow and continuous snowfall. Second was Leonard Fuson, 20 minutes, followed by Gerald Waters, 25 minutes. Waters, a grandfather for the third time on January 4, promises to turn in better time with better conditions of weather and conditioning of skier.

The second ski contest was the Lake Tahoe Ski Club's elimination slalom, the winners of which will represent the club in the Sugar Bowl downhill and slalom on the 14th and 15th. Again, all handicapped by the new snow conditions, competitors made two runs on the slalom course and compared their combined times. The results were mighty close, with the winner some 8 or 9 seconds ahead of No. 5 man. Winner was Robert Stark. The second to fifth places were taken by Lewis Fellows, Howard Pyle, Dick Carnell and Jay Stuart in that order. These five will represent the club at the Sugar Bowl. Alternates are Phil Ebe, Don Prusso and Arner Gustafson.

Officials for the events were: Cross Country: Floyd Carnell, starter; Jake Stuart, timer. Slalom: Floyd Carnell, starter; Ray Fellows and Jake Stuart, timers; Rodney Yeakel, recorder; Dick Carnell and Robert Stark, course setters; Ned Stuart and Jimmy Easton, gatekeepers.

Practice for Lake Tahoe Ski Club members will be continued throughout the season each week end at Granlibakken. Each Sunday the slalom or other races will be worked out by the club and Rustad in conjunction with the Granlibakken cross country race.

**Tahoe Women's Club
Meeting on Thursday**

TAHOE CITY—The Tahoe City Women's Club will meet on Thursday, January 12, at the home of Mrs. Al Snyder of Lake Forest. Mrs. Don Snyder will be a co-hostess for the meeting which will begin at 2 p.m.

**Date of Tahoe Tournament
Advanced to March 4**

TAHOE CITY—The Lake Tahoe Ski Club met Friday to further plans for its sanctioned meet formerly scheduled for the last weekend in January. By quorum vote, backed with the approval of Far West Ski Association officials, the date of the meet was changed to March 4. Details of the meet will be released as the tournament committee, headed by Floyd Carnell, check on potential sites and their conditions.

A special meeting of the board of directors was called by R. R. Gilbert, acting president in the absence of president Oliver Corsona and vice president Ollie Henrikson. The date for the meeting was to be set by Corona.

The club continues to register its skiers and announced an elimination run to be conducted at Granlibakken on Sunday, January 8 to select the ski club's representatives in the Sugar Bowl slalom races on January 14.

Hostesses at the next meeting will be Mrs. Rodney Yeakel and Carolyn Bolton.

**How this independent businessman got his start**

We'd like you to meet a man who has hung out his own shingle.

This Standard of California Distributor, like those all over the West, works as an independent businessman . . . and here's how we helped him get his start.

We first turned over a going business to him with a good list of customers. We helped him learn the best methods of serving his neighbors well . . . supplied the finest products, expert engineering help in meeting tough lubricating problems, the benefits of all our laboratory research and every other practical assistance possible.

He, in turn, supplied the ingenuity, skill and ambition of a man who is working for himself.

This teamwork between small and large business has benefitted everyone.

Your Standard Distributor has his roots and interests right in his own town; the money he makes stays in your community. And because he knows local conditions through long experience and is building his own business, he does a better job for us by doing an outstandingly good job of serving you.

Plan Annual Ride Over Old Donner Trail

NEVADA CITY—Plans for a proposed annual ride of some 250 riders from Santa Barbara to Santa Ynez in southern California and is expected to attract some of the

ner Trail Ranch at Verdi, Nev., to Nevada City and return were disclosed here by Jack Cartwright. The ride will be similar to the

Truckee Elementary SCHOOL NEWS

SCHOOL CAFETERIA

—by Ruth Osburn, Marie Osburn, Alberta Cooper and Lois Grey

The Truckee Elementary School Cafeteria got off to a successful start Thursday, January 5. Mrs. Frey, with the help of three girls from Mr. Welch's room, started serving food from the cafeteria. The three girls who are helping Mrs. Frey are Joan Ward, Alberta Cooper and Ruth Osburn. On the average, 80 children eat in the cafeteria every day. Mrs. Frey, with the help of the mothers, has been preparing meals that every child should have to be healthy. Milk, salad, vegetable, meat (except on Friday) and fruit have been on the bill-of-fare. These meals will be served every school day during the year. They are going to have a menu telling what kind of meals they are going to have for a week.

BASKETBALL TEAM

—by Mary Ann Tonini, David Peterson, Alfred McGee, Louis Ramirez

The 7th and 8th grade boys have started a basketball team. Those on the team from the 7th grade are Louie Ramirez, Eugene Carrillo, Ace Phipps and Duane Knight; from the 8th grade, David Peterson, Alfred McGee and Raymond Dixon. Ginger Reynolds and Mary Ann Tonini were elected cheer leaders.

Last Friday the Truckee Elementary school played the high school basketball team. The high school won 48 to 36. There will be a game next Friday night. The Tahoe City school will come over and play with the Truckee school. The two schools will choose sides.

TRAFFIC PATROL

—by Duane Knight and Margie Osburn

The boys and girls of the 5th, 6th, 7th and 8th grades are taking traffic patrol in this cold weather. They direct traffic in the morning, at the noon recess and at 3:25. The boys and girls who are on traffic patrol are Marie Osburn, Ruth Osburn, Lois Grey, Joan Ward, David Peterson,

leading lovers of horseflesh from as far east as Denver and Cheyenne, as well as from Nevada, Utah, Oregon and California.

Tentative plans discussed with Jack Fugitt of the Verdi dude ranch and others interested in staging the event call for at least two days and a night on the Donner Trail from Fugitt's ranch to Nevada City where the riders are expected to spend at least two nights and a day before returning, according to Cartwright.

Assurances that leading national magazines and news services would cover the ride have been obtained and it may be possible to short wave the daily doings on the ride to one of the major networks for rebroadcast, it was pointed out.

Leading figures from the financial, industrial, professional and motion picture segments of the west will participate according to the program now being discussed.

A definite date for the ride has not been set as yet due to the necessity of fixing a five or six day period during which the Donner Trail Pioneer Ride will not be in conflict with any similar major attraction in the west, the men interested in promoting it pointed out.

COMING & GOING

We have three new pupils we wish to welcome to Truckee Elementary.

In Mrs. Gage's room we have Ronald Kirby in the third grade. Ronald moved here from Richmond and lives at Hirschdale. We also have Frances and Louis Acosta from Los Angeles who are in the third and fourth grades. Truckee Grammar wishes to say goodbye to Donald Matson who transferred to Marysville. Sorry to see you leave, Donald.

TIGERS' CONSTITUTION

—by Roberta Peden
The 7th and 8th grades have a new constitution. This constitution was drawn up by the whole class for their club, the Truckee Tigers. The constitution will be made into a booklet. The Tigers are very proud of their work on the constitution.

STUDY ACTIVITIES

—by Iren Goicoa, Ace Phipps, Eugene Carrillo, Sharon Pace
The First Grade class is divided into groups. Group 1 is studying Bill and Susan. Groups 2 and 3 are reading out of Our First Reader. They are also learning to print and make numbers.

The 5th and 6th grades are studying about aid and how it helps us and all of the other air-breathing creatures.

The children in Mrs. Borneman's room are decorating the room with snowmen they have made. The room is now very pretty. John Firpo brought some records to school so they could play them during recess.

Mrs. Gage's 3rd and 4th grades room was studying about fat yesterday morning. Ray Roberts Jr. and Barbara Brown told about how fat was used in years gone by in making soap. The fat was cut up and thrown into great iron pots and a hot fire was started under the pots. The fat was melted and while it was still hot it was poured into sacks made of hides or into holes in the ground. There it was cooled and grew hard. The fat, when it was hard, was called tallow. It was sold to the Yankee trading ships and carried back to Boston. The tallow was sold to factories and made into soap and candles.

High School Ski Meet at Squaw Valley on 14th

TAHOE CITY—Five cities' high schools of the Sierra Nevada Interscholastic Ski Federation have signed up for the Tahoe-Truckee High School Ski Meet to be held on Saturday, January 14, at Squaw Valley and three to five more are expected.

Beginning at 10 in the morning, the meet will see maximum use of time in the use of a double run. The events will include boys' and girls' slalom and giant slalom.

Making arrangements with the Squaw Valley management for the meet, Arner Gustafson, coaching the Tahoe-Truckee High School team, reports that teams will be present from Reno, Sacramento, Auburn and Bishop as well as the local squad. The meet is free to the public.

Summit Scene

by FRAN COUILLARD
Coming through the mails are hundreds of postal cards designed from Emigrant Gap to the

Summit, thence down the hill to Truckee and Reno. These tell of Beacon Hill's annual costume party. To make it even better, the Soda Springs Ski Corporation joins in with a ski festival. Looks

like one of those deals where we start early and end up late. Remembering last year's party we look forward to this one. Remembering last year's ingenious costumes we look forward to this one. We remember Ray Hartz' Santa Claus of last year, he won first prize with a lighted Christmas tree on his back. The little notice also says "Hobby Horse Races". Having noted the bucking of same, we look forward to the races and think those who participate should come disguised as fat men, pillows and all, with pillows in strategic places. Over 300 invitations have been sent.

Another party in the offing is the official opening of Donner Ski Ranch cocktail lounge and chalet. Last Saturday evening saw a gathering there for kind of an informal opening but knowing Stan and Madlyn Walton, we know that the grand opening will be something unique in the way of openings.

Blue skies all week and snow on Sunday—hard snows, too, in fact miniature blizzards. Hotels, coffee shons and cocktail lounges line up with skiers who peer out of the windows and pray for an opening in the skies that will forecast at least a few hours of snow ceasure so that they can carry on. Those brave and tried skiers who fear nothing stagger out and take on the hills anyway but the novice and snow bunny is at a loss. We were amazed at the bunch who staggered in off the slopes at 4:30 (official time for ski tow closing). Red faced, breathless, they still maintained that the snow was wonderful—that on the ground, that that flew in their faces. Didn't hear of an instance where a tow shut down on account of weather. The little Snowflake at the bottom of Soda Springs' slopes became a melee of human beings packed as tightly together as sardines when the Overland Limited came down the hill, smacked into a car on the Soda Springs crossing and fenced in those cars on the other side of the tracks until the train

moved on two hours later.

The Snowtel at Kingvale is now in the process of being plastered which means an opening in that vicinity pretty soon. Harold Steen sent his wife Gloria and their son to Marin County while the plastering is going on. In spite of the fact that the place was unfinished, New Year's found many of their Marin County friends parking at the Steens so it looks like good business for the Steens in time to come.

Margot and Ernie Nordstrum report an excellent weekend. Lola and Kirby Schull report a full house at Kiski Lodge. The ski clubs packed up their own places. Bill Rutherford reports on various small parties during the past week at Ice Lakes, among them Al Pierce of radio fame. Al, having retired from radio after years of broadcasting, is now ranching at Marysville and looks in fine fettle. Bill Gray, Al's host, opened up his little chateau to entertain his guests this past weekend. The Soda Springs Hotel held a dance Saturday night and Gladys Pedley initiated the uninitiated in square dancing. Seated at the bar were Mr. and Mrs. Stewart Stone (she the former Bee Browning) starting off on a week's vacation at this place where they honeymooned a few years ago. Newspaper men crowded around when Tommy LaRocca came in bent on Sierra Nevada Dog Derby publicity.

Maria Schuster Patten has a full house next weekend — Boy Scouts. Maria, with her youth and flair for taking care of young people, has this group booked up several times for the winter.

Hear that the car that was hit on the Soda Springs crossing belongs to George Knowles of Sacramento. Knowles, well known in this area, was slightly scratched up, nothing serious we are told. His son in the car with him was a trifle faster than George and managed to get out of the car before it was struck.

Mr. and Mrs. Milton Hogle have left the Rainbow Tavern area for present season and have secured the Stanley Walton home at Soda Springs where they can be near the activities of the Soda Springs corporation. See Paul Norboe getting ready to take a bunch of his mid-week guests to Reno for an outing. Donna Mink, Eve Donadio and Evelyn Tremaine prepare for a few days off in Sacramento. Lodi and the Bay Region. Madlyn Walton dashes down to Sacramento for a few days. John Carl brings a beautiful, fat goose into our kitchen to roast and at the feast sit Art, George, George Zorich, John Carl and myself.

The Summit Sit was poorly attended this time what with Margaret Merrill at home taking care of the new David, Barbara Zorich in Sacramento making way for the new Zorich baby, Nadine Neugebauer skipping down to Roseville, Eleanor Johansen completely forgetting, Muriel Jones in Auburn, Madlyn Walton in Sacramento. So those who remained to gossip were Betty Horak, Peg Travis, Gladys Pedley, Gladys

My Place In the Sun

by DOUG BARRETT

Look for close liaison between the Reno and Truckee 20-30 Clubs through their respective presidents Bob Bowers and Bob Leamon.....good friends, both are one-time presidents of the Meadow Lake Union High student body here.....Frankie Titus celebrated his birthday by helping with inventory at Loynd's Portola store Sunday.....Cecil Clepper pulled his shift at the Summit CAA while another year rolled around for him on Wednesday, the 11th.....Erv Waters, Garing McGee and Fred Morris clearing out the entrance to the fire house.....just in case.....Didja know Truckee had two fire departments in the 1880s?.....Truckee Hose & Engine Co. No. 1 and the Truckee Lumber Co. Fire Department.....Doug Nelson was two winters old on the 26th of December.....Red Burlingham getting the night's snow off his roof on Monday.....aided by his dog running up and down the roof side with his tail wagging.....as sure footed as if it was on the ground.....At least 62,000 hot dogs were sold at the East-West game in SF.....and every one passed in front of Dick Little's face from vendor to vendee at the critical points of play.....he couldn't see the pig skin on the field for those waved under his nose.....Ralph Garcia jockeying the little yard snow plow around the SP depot.....I'm getting to be an old timer 'cause I can remember when Jim McIver and his horses did it.....A big crayoned sign on brown paper at the gate of the grammar school yesterday proclaiming "No. No School".....John Street sporting a fur trapper's hat.....along with several other local lights.....while Trapper Gil Berg scurries about bare headed.....Not so Judge Dick Little and The Man on the Front Page, Walt Barrett.....who have blossomed out in new red and black plaid caps complete with ear flaps.

To Auburn— Mrs. Dora Tackett of Truckee and Lake Tahoe is spending part of the winter in Auburn.

Jones, Wanda Misner, Marie Strickland and ourselves. Next Sit belongs to Gladys Pedley.

County Shares in Split Of Vehicle Tax Funds

SACRAMENTO —(W. N. S.)— Apportionment of motor vehicle fees to California cities and counties was announced yesterday by State Controller Thomas H. Kuchel, who distributed \$7,431,780 constituting the in lieu tax as of November 30.

The sum represented revenues from July 1, Kuchel said. One

half went to cities and the remainder to the counties. The apportionment to Nevada County, based on 19,283 population, was \$10,373.46.

Apportionment to the incorporated cities in Nevada County included Grass Valley, population 5821, \$3,145.46; Nevada City, population 2484, \$1,342.26.

CENSUS METHODS ARE EXPLAINED BY CLAIR ENGLE

by Congressman Clair Engle
WASHINGTON, D. C.— Offices are now being established to take the 1950 Census required by the Constitution of the United States. There will be two district offices in the Second Congressional District. One will be located at Redding to handle Shasta, Siskiyou, Trinity, Tehama, Lassen, Modoc and Plumas Counties. The other will be located at Roseville to handle Alpine, Amador, Calaveras, El Dorado, Inyo, Mariposa, Mono, Nevada, Placer and Tuolumne Counties. The Redding office, now open, is in charge of Alex P. Robillard, district supervisor. The Roseville office is in charge of Harold Berliner Jr., district supervisor. Each office will have a staff consisting of an assistant district supervisor, a chief clerk, a payroll clerk, a personnel clerk and such stenographic and other help as is necessary to correlate the returns coming in from various areas in the district.

Enumerators Start in March
Throughout the district itself there will be one enumerator for each 1,000 people in the district, based on the estimated population, and one crew leader for each 20 enumerators. It is expected that there will be between 250 and 300 enumerators in the Second Congressional District and possibly 20 crew leaders.

Enumerators will be paid on a piece price basis and will be appointed in March. The piece price for the work has not yet been fixed. However, the overall national average net earnings per enumerator are estimated to be \$8 per day. Length of employment will be from two to six weeks depending on the type of assignment.

Supervisors Select Personnel
Crew leaders, enumerators and clerks to be employed in the district office will be selected and appointed by the district supervisor. General supervision of the district offices will be provided by the Census Bureau permanent

Dated January 6th, 1950
BANK OF AMERICA, NT&SA
R. A. Scott, Manager

civil service staff.

People wishing to work in the coming census as enumerators, crew leaders or clerks in the district office should write to the district supervisor of their area, whose name is given above, or the letter may be addressed to me here in Washington and I will see that it gets into proper hands.

Col. Leitch Rules On Draft Registrations

The question has been raised whether persons 26 years of age or over who normally would have registered but who, for one reason or another, were excused from registering prior to reaching age 26, should now be registered. Regulations make all males 18 through 25 liable to registration, according to Col. K. H. Leitch,

state director of selective service, although in some cases, they may be excused for the time being. Males on active duty in the armed forces, those outside the United States and in institutions are examples. However, upon being discharged from the armed forces or discharged from an institution or upon returning to the United States, they must register even though, at that time, they may be over 26.

Trip South and East—

Mrs. Donald Ryan, Mrs. Jack Ellis and daughters Terry and Kattie left Tuesday for Long Beach where they will visit relatives. Mrs. Ellis expects to continue the trip to Milwaukee, Wis., where she will be the guest of other members of her family.

To Visit France—

Fred Main, who is completing their new home at Laguna Beach, was here this week on business. Next month Main plans to fly to France for a brief visit.

Concrete Pavements

Engineers employ instruments for testing concrete pavements capable of measuring deflections as small as a millionth of an inch.
